RE: **SUMMER READING PROGRAM**

TO: 6th Grade Teachers
Fredon, Hampton, Sandyston, Stillwater

Thank you for your assistance with the distribution of the summer reading novel and the information about the requirements. This memo is just for the clarification of some of the information.

1. This year's novel is *A Wrinkle In Time*. This selection is enjoyable reading for the majority of incoming 7th graders.
2. The question sheets for the novel are required to be completed. They are provided for students as a reading aid.
3. Students do not complete a book reporting form on the required novel. The book reporting form should be used only for additional readings.
4. Students will be evaluated on the required novel in September during their first week at Kittatinny.

I hope this clarifies the expectations of the summer reading program and that the novel will be an enjoyable read during the summer. If you should have any questions or concerns, you may reach me at 383-1800, extension 1330.

Thanks again for your help and have a great, *well-read* summer yourself!

Daniel A. Haug
Supervisor of Instruction
