

A Visit to the Hummingbird House

The food science class took a field trip to the Hummingbird House in Fredon, NJ. Elizabeth Biron, the owner and KRHS graduate, invited the students to learn how to make a loaded baked potato and gave them a tour of her kitchen.

Students Nancy McGovern, Carly Hackett, Catherine Madrid, Austin Vollero and Nick Quara all participated in this hands on cooking lesson.

After their tutorial, the students had the opportunity to enjoy their creations. The students would like to thank Ms. Biron for this informative class in food preparation.
