## Spanish IV Honors

Dear Student:

As a Spanish IV student, it is imperative that you read works of literary merit to further develop your comprehension and writing in Spanish. One of the major reasons you are permitted to enroll in such a high level course is that your Spanish skills are above average; therefore, the following summer work has been assigned. During the first week of school, you will have the opportunity to demonstrate how much knowledge and insight you have obtained from these assignments via discussions, cumulative tests, and essays.

### SUMMER ASSIGNMENT

During your summer break, all students in your class are required to:

- **Read the two short stories listed below and complete the accompanying comprehension exercises for each.**
- **All exercises including the ones for discussion must be completed in full sentences, with typed questions and answers.**
- **The completed and clearly labeled exercises must be emailed to Mrs. Galviz at [mgalviz@krhs.net](mailto:mgalviz@krhs.net) with the student's first and last name in the subject line. The exercises accompanying each story must be received by the dates below and should not be received earlier than the previous story's due date.**

*Los Chicos, Ana Marie Matute* - July 15

*Bernardino, Ana Maria Matute* - August 10

There will be no exceptions for late work. There will be an exam the first week of school about the two stories.

I am as excited as you are to be a part of the Spanish IV class at Kittatinny Regional High School. Please keep in mind that next year will be a challenge for you and one of your keys to success will be your willingness to understand works of literature that are precursors to those which we will be reading in our fourth year curriculum.

Instructor of Spanish

**There are comprehension questions that were distributed to students in June. If other copies are needed, please call the Guidance Department.**
