

Blood Donors Welcome

- *Date:* May 31, 2017
- *Time:* 8:30 am - 2:30 pm
- *Location:* KRHS gym

Based on the American Red Cross Statistics

Did you know...

- Every **two seconds** someone in the U.S. needs blood.
- A single car accident victim can require as many as **one hundred pints** of blood.
- Although an estimated **thirty-eight percent** of the U.S. population is **eligible to donate** blood at any given time, **less than ten percent** of that eligible population **do** each year.
- **Type O negative** blood can be transfused to patients of all blood types. It is always **in great demand** and often in short supply.
- Two most common reasons cited by **people who don't give blood** are: "Never thought about it" and "I don't like needles."
- The number one reason donors say they **give blood** is because they "want to help others."
