

## Interact Lends a Hand at Foodbank

The KRHS Interact Club focuses their time on community service. On Tuesday, November 20th, the students went down to the New Jersey Foodbank in Hillside, New Jersey to help box some of the donated food received during the holiday season. The students worked in conjunction with students from Parsippany High School. They sorted through 11 pallets of food, and created 336 boxes of food; which equates to helping 336 families.

Thank you Interact Club for giving of your time to help others. Just goes to show, when everyone pitches in so much can be accomplished.
