

Kittatinny Art Students Win at the Fair

This summer many of our students showed off their talents in local community events. Maria Decastner a 2019 graduate of KRHS placed second at the New Jersey State Fair with her blue pottery piece.

First place went to Jenna Dispenzeri a Kittatinny senior with her black and white pottery.

Everyone at Kittatinny knows about our stellar arts program. Mrs. Anderson is passionate about teaching art to her students and was excited to share this news. It is so nice to celebrate the success of our students and alumni as they share their gifts with the world.

Congratulations to our winners!
