

Kittatinny Shows its Halloween Spirit

Every year students and staff enjoy the opportunity to dress up in costumes on Halloween. Kittatinny is a school dedicated to educating our students. Here are just some of the fun, educational experiences we had on Halloween 2019.

How fun would it be to take physical education with the Average Joe's?

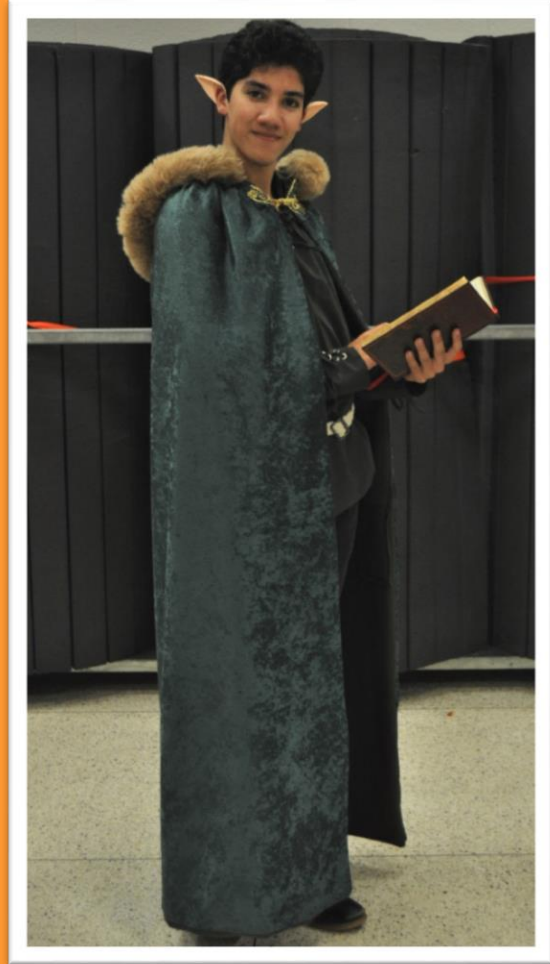

Or eat lunch with Pooh and Eeyore?

Who knew Monarch butterflies knew how to use a phone?!

On Halloween at Kittatinny you can meet...

People from countries around the world. Or...

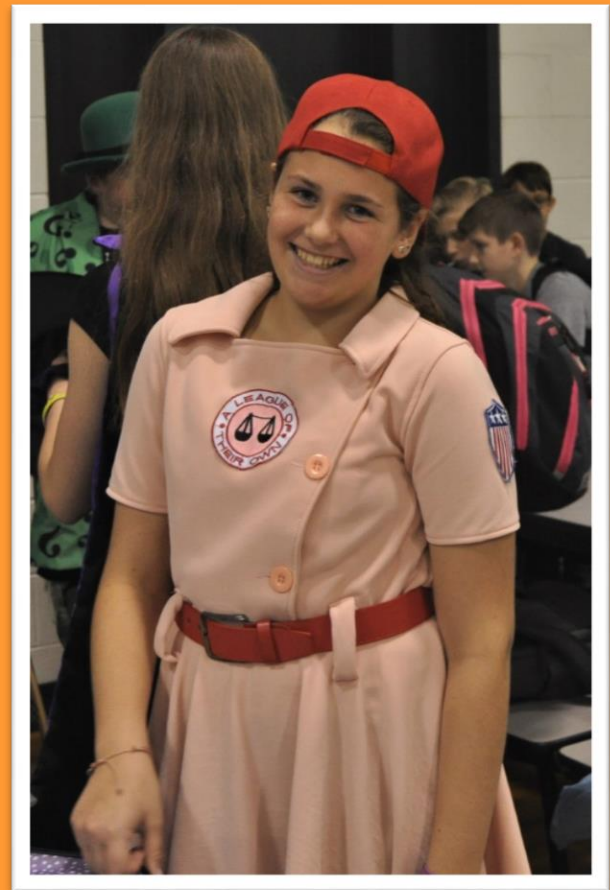

Creatures from lands
beyond our realms.

By the way, when did we become an airport terminal?
Why am I always the last to know these things?

That flight just brought me back in time!

Oh great and now the grammar police are hot on my trail! The back of their shirts say, "To serve and correct." I can just see all the red circles all over this article when I am finished.

In the end, the day was just about fun with our friends celebrating what makes us each unique in our own very special way. Everyone enjoys seeing the costume choices of others. Some are funny and some are cute, but no matter what you choose to wear, it is all about that playful Cougar spirit we all have inside us.
