

## Main Office Receives a Gift from Mr. Heller

If you haven't heard, Mr. Heller's middle school classes are helping keep clean, dry recyclable plastic bags out of our local landfill. The Trex Company holds a competition and the school that donates the most recyclable plastic film will win a free Trex bench.

The students are collecting:

- Plastic shopping bags
- Plastic wrap around water bottles
- Plastic bags around your newspaper
- Plastic bread bags
- Plastic bags around your potatoes
- Plastic dry cleaner bags
- Plastic bubble wrap
- Plastic pellet bags
- Plastic salt bags
- Plastic cereal bags
- Plastic zip-lock bags

Kittatinny now has one of the recycle plastic bags and film here boxes in the main office. There is another outside the junior high multipurpose room and in Mr. Heller's room. So Kittatinny Cougars do your part to support the cause. The collection ends on April 22<sup>nd</sup> Earth Day.
