

## The Kittatinny Players Would Have Made Shakespeare Himself Proud

The cast and crew of the Kittatinny Players can be very proud of their performance of *A Midsummers Night's Dream*. Under the direction of Mr. Chiariello and Mr. Tryde, the student's mastered the language of Shakespeare's era and his sense of humor.

They lead us into a forest outside of Athens filled with larger than life characters. Lover's, players, fairies, and Kings and Queens were wandering in the woods as their paths began to cross. Mix-up, mayhem, and lots of frivolities kept the audience fixated on the stage to see what would happen next. Rightly so because the best was yet to come. The famous play within a play had everyone in stitches. The comedic timing was superb.

Let's not forget the crew. Your due diligence behind the scenes with lighting, set changes, sound effects, and special effects transported us to a mystical place. Without any fanfare, you performed your role impeccably. Bravo!

Congratulations to cast and crew on a phenomenal performance. Time to rest up and prepare for the School of Rock musical beginning March 1<sup>st</sup>.
