

Senior Showcase

Many of us know Sylvia Atnip for her multiple performances with the Kittatinny Players. Did you know she was a gifted visual artist as well? As you are walking down the hallway near guidance, you will see a display of this Sylvia's extraordinary artwork in a variety of mediums.

This picture is made of billions of little dots.

This colorful paper mosaic catches your eye.

This pastel looks like it could be in a cathedral.

Make sure you make the time to stop by the showcase to see this artwork for yourself. The photographs just don't do them justice.
