Spirit Week and the Week of Lights brought an added energy to the air at KRHS. Students, faculty, staff, and administration all participating in a week of events as well as attending various night time sporting events thanks to the generosity of our local sponsors providing some night time lighting.

- RSK Electric, Inc.
- Sonny's Contracting
- Villa Capri

For KRHS teams and Cougars fans alike, it is a special treat to have a home team advantage at the evening games for one week. Family and friends came to support our teams.

Throughout the week different days brought different "spirit wear" in support of our various athletic teams. For instance, Wednesday was a Hawaii themed day in support of the girls' soccer team.

Below is Ms. Bitondo's archery class wearing red, white or blue on Freedom Friday for the Cougars football team.

All of KRHS has been wondering what the name of our Cougar was going to be. After much anticipation, we finally learned at Homecoming the chosen name was Halsey. Two thumbs up to whoever submitted that clever idea.

The new student cheering section also received the official moniker "The Den."

Let's not forget our official homecoming King and Queen were selected as well that evening. Congratulations!

Derek Michelman

Noelle Trimper

A special thank you to the group who spruced up the Garden of Hope. It is very festive and perfect for fall.
