

The Business Finance Challenge is now LIVE!

Over 95 KRHS business students and members of the Future Business Leaders of America are competing in a live virtual reality simulation competition.

The Virtual Business Finance Challenge encourages students and FBLA members to test their financial literacy skills. Participating students make personal finance decisions for their avatar. The concepts students must master include opening bank accounts, paying bills, filing taxes, applying for jobs, enrolling in educational courses, paying for goods and services, applying for credit cards, determining schedules, renting apartments, budgeting, and more. Students are ranked based on their avatars net worth after running the simulation for two virtual years.

Individual rankings as of this morning at 8:00am.
