

## Earth Day

Sunday, April 22 is Earth Day. This year's goal is to end plastic pollution.

Doing their part to support the upcoming Earth Day goal, Interact students went over to McKeown Elementary school on Thursday, April 12th to help decorate reusable grocery/tote bags. The Interact members worked with the 5th grade as they designed and decorated the bags with messages about pitching in to help save the planet.

The bags will be donated to the Manna House, the local food pantry in Newton, to be given out to people that are taking food home with them.

If you would like additional information about how you can assist in reducing your plastic pollution go to: <https://www.earthday.org/>
