

VISITORS

The Board welcomes visits to school by parents/guardians, Board members, other adult residents of the community and interested educators, when they fit into the classroom or school routine. In order for the educational program to continue undisturbed when visitors are present, and to prevent the intrusion of disruptive persons into the schools, the chief school administrator shall devise regulations addressing visitors' access to the schools to protect pupils and employees of the district from disruption of the educational program or interference with efficient conduct of their assigned tasks.

All visitors shall be required to report to the Main Office upon entering the building.

A "visitor" is anyone other than a pupil enrolled in or a staff member employed in the particular school. Visitors may not consult with the teaching staff or pupils during class time without the principal's permission. Persons wishing to visit the school must make arrangements in advance with the school office.

Staff members and students are strictly prohibited from propping doors open. Students and staff members shall not open a door for anyone. All persons seeking entry to the building shall be directed to the main entrance. Visitors will receive a pass which they must wear, receive instructions, and be provided with a guide, when possible. At no time shall a staff member transact business with a person in school who does not have a visitor's pass. No visitor may confer with a pupil in school without the approval of the designated administrator.

For the purpose of preventing unauthorized entry into the district buildings, the building principal shall ensure that:

- A. The school's main entrance is clearly marked so that it is easily visible and recognizable;
- B. Exterior doors are locked, and when they are in use for a large entry/exit, staff members, security personnel, law enforcement officers or other representatives of the district are assigned to monitor them;
- C. Entrances are clearly marked with a numerical sequence to allow for specific response by police, fire, and emergency medical services responders;
- D. A limited number of doors are available for access by staff and the staff members shall be informed of which doors they are authorized to use;
- E. Security personnel working in the school building are dressed in uniform.

When the parental rights of a parent have been terminated by a court of appropriate jurisdiction, the legal guardian must inform the school so that the administration may apply appropriate regulations. The principal shall seek confirmation of legal custodianship where necessary.

No one may visit the school during school hours for the purpose of recommending or exhibiting books, maps, etc., to staff. No person shall be allowed to deliver any address or lecture on any subject unless authorized by the chief school administrator or designee.

All visitors to the schools must obey regulations prohibiting smoking and any other regulations designed to ensure orderly operation of the school. All persons violating this policy shall be considered "disorderly persons" and subject to appropriate action.

Unauthorized visitors, including pupils from other schools, shall be requested to leave the building and/or grounds. If these unauthorized visitors refuse to leave the building and/or grounds, the police shall be summoned. Charges may be preferred by the superintendent against all persons who refuse to leave the building and/or grounds when requested, if the facts warrant such action. He/she shall notify the Board attorney.

Visitor Procedures for Contagion Prevention

In order to prevent the spread of disease during pandemic recovery and to protect the health and safety of students and staff against infection, no visitors shall be permitted in the schools until pandemic restrictions are lifted. The principal may admit a visitor if he or she determines that it is necessary. In all such cases, the visitor shall submit to the screening procedure (e.g., temperature and exposure questionnaire) and shall be required to wear a face mask while in the school building. The face mask shall be required in all cases. However, an accommodation may be made where the visitor can demonstrate that wearing a face mask is detrimental to the visitor’s health. A child under two years of age shall not be required to wear a face mask.
